

NITO II Industry gun

Sturdy gun for spray and cleaning tasks in industry and trade – up to 90°

MAX
25 BAR

MAX
+90 °C

For spray and cleaning tasks in industry and trade

NITO II industry gun equipped with a stepless flow and easy adjustment for spray pattern. The gun is made with chemical resistant material and with protection against knocks and bumps.

Application:

- ▣ For Flushing and cleaning jobs in industry and tasks requiring a sturdy gun and that saves water
- ▣ For water with or without soap solution, e.g. for rinsing, washing and flushing detergents
- ▣ Infinitely variable spray, from a concentrated spray to a spray with a dispersion angle of 60° degrees
- ▣ Spray can be adjusted without using tools
- ▣ For safety reasons the gun can be locked, this preventing the trigger from being released when the lock is engaged
- ▣ Thermic protection for hand
- ▣ Ergonomically correct design
- ▣ The front end of the gun is made of chemical-resistant rubber that protects the gun by absorbing external impacts and shocks
- ▣ Not to be used with steam
- ▣ Avoid scalding: Use Safety Couplings

Produced at our own factory in Denmark.

Technical specifications:

Working pressure: Max. 25 bar

Temperature: Max. 90° C

Weight: 0,7 Kg

Volume flow (at 5 bar):

Nozzle 2: 20 l/min. Nozzle 3: 30 l/min.

Nozzle 4: 40 l/min. Nozzle 6: 60 l/min.

Materials:
